* FLPMA: The Federal Land Policy [and] Management Act of 1976. A FLPMA Title V ROW references a ROW grant that DOT&PF secures from the BLM for projects in which federal state funds are involved. Typically, the term of this ROW corresponds to the design life of the highway project.

**Title 23 highway easement: Under this federal law, FHWA authorizes and issues highway easement deeds to the state for lands managed by certain federal agencies to be used in highway projects in which FHWA funding is involved.
